PROFESSIONAL SUMMARY

Enthusiastic Java Full Stack Developer Fresher with knowledge of Core Java, OOP concepts, HTML, CSS, JavaScript, SQL, and full-stack web development fundamentals. Possess good analytical and problem-solving abilities with a strong interest in building user-friendly, efficient web applications.

EDUCATION

B.E. Computer Science and Engineering

AAA College of Engineering and Technology | 2023–2027

CGPA: 8.24/10

TECHNICAL SKILLS

Programming Languages: C, Java, python

Frontend: HTML, CSS, JavaScript, React.js

Database: MYSQL

Backend: Spring Boot, Java Core Concept

Tools: Visual Studio Code (VS Code), Git, GitHub, Android studio

Deployment & Hosting: Vercel, Render

INTERNSHIPS

PHOENIX SOFTECH – App Development Intern

Jan 2025 – Feb 2025

- Developed Android application components with practical exposure to UI design.
- Worked with application functionality and basic database integration.

Bainery Spot Technology – Full Stack Development Intern

Dec-2025

- Developed responsive web applications using full-stack development technologies.
- Integrated databases with web applications for efficient data management.
- Implemented user-focused web interfaces and application functionality.

PROJECT

IoT-Based Keypad Door Lock System

- Developed a keypad-based electronic door lock system using NodeMCU, ESP8266
- Implemented IoT-based cloud monitoring for remote access and system monitoring.
- Integrated hardware and software components to provide a secure access control system.

Expense Manager | Full Stack Project

- Built a full-stack web application for managing personal income and expenses.
- Implemented CRUD operations for adding, updating, deleting, and tracking transactions.
- Designed a responsive and user-friendly interface using HTML, CSS, and JavaScript.
- Integrated backend and database functionality for efficient data storage and management.

CERTIFICATIONS

NPTEL - Data Science Using Python

NPTEL - AI Constraint Satisfaction

E-Box - Problem Solving and Programming in C

Oracle -Cloud Infrastructure

IIT-AI Tools workshop
